

Baines School

Nil Sine Labore

Teacher of Science

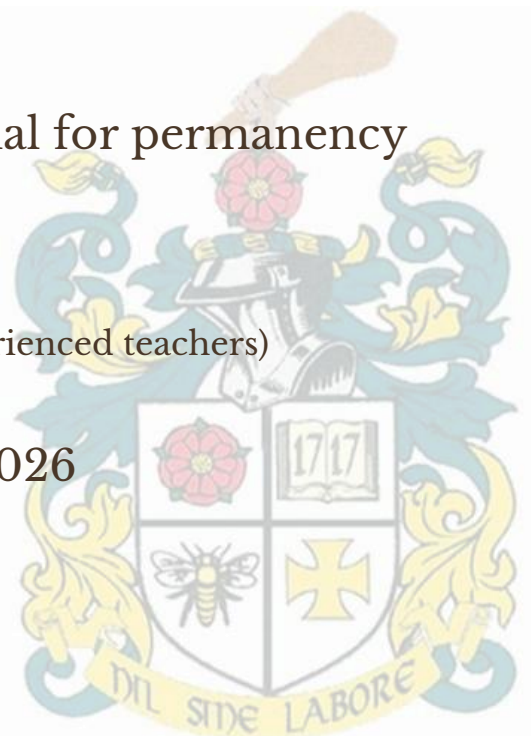

1.0 FTE

Fixed term 1 year contract, with potential for permanency
after 1st year

MPS/UPS

(suitable for newly qualified or experienced teachers)

Start Date: September 2026

Welcome to Baines School!

Thank you for your interest in the post of school Teacher of Science at Baines School. I am proud to be the Headteacher here and am delighted that you are interested in joining our team at this exciting time of change. Baines School is a special place that has great potential to be the most wonderful place for learning and personal development. There are so many positives to share on our journey of improvement.

I joined the school on the 1st September 2018 as Deputy Headteacher and was appointed as Headteacher in 2023. My vision for both staff and students is to 'Encourage, Engage, Empower'.

We have recently had an OfSTED inspection, and will update the advert as soon as the report is published, which is imminent. We would strongly welcome you to read the new OfSTED report. Due to our improvements we have seen at Baines School along with an improved culture and results over the past two years, Baines is regaining its good reputation. We have wonderful students and staff and they have risen to the challenges of raised expectations, curriculum change and a focus on teaching and learning.

Baines School is steeped in a rich history thanks to our founder James Baines in 1717. The year 2017 celebrated 300 years since the school first started and 2018/19 was a special year as we commemorated 40 years since the school became co-educational and saw the first intake of girls. We have a very supportive Former Pupils Association with a number of social events during the year. There is a fantastic loyalty to the school with generations of families studying at Baines as well as a number of staff and governors who are also former pupils themselves.

Our catchment serves the areas of Wyre and Fylde, and Blackpool. We have an extremely mixed intake with some pupils from Blackpool which is an area of significant coastal deprivation, with approximately 34% of students from disadvantaged backgrounds. Our population has a prior attainment above the national average, and we have a lot of students who have exceedingly high aspirations, many of whom have gone on to Russell Group Universities.

A major focus for the Science Department is ensuring that every student, no matter their age or ability, receives the highest quality science education possible. We want to enthuse our students to have the same love of science that we all possess. We scaffold the learning to support our weakest students, whilst extending and challenging our most able learners so that all students achieve their very best.

The ideal candidate:

- is an enthusiastic and inspirational teacher of Science
- can model excellence inside and outside the classroom
- is flexible, resilient, has a 'can do' attitude and is relentlessly positive
- can inspire students of all abilities to be the best they can be
- is driven by moral purpose to serve the community of Baines School
- has the passion to inspire young people to love science, regardless of their ability

We will offer you:

- excellent CPD opportunities
- friendly and vibrant staff and students
- staff and governors who are loyal to the school
- stretch and challenge
- opportunity to be part of a school improvement journey and make a real difference to students' lives.

I hope this pack gives you an insight into our school and encourages you to apply. If you would like a tour of the school prior to applying for this position, please email, Mrs Porter, Headteacher's PA, info@baines.lancs.sch.uk to arrange this.

Nil Sine Labore – Nothing Without Effort

Kind regards

Clare Doherty
Headteacher

Application Details

Teacher for Science

MPS/UPS

1.0 FTE

Closing date for the receipt of completed applications: 9am Monday 18th May 2026 with shortlisting the same day.

Interviews: Thursday 21st May 2026

This post will be with effect from 1st September 2026

Please note: Receipt of an application will be acknowledged by email. Subsequently, if you have not been contacted within one week of the shortlisting date, you should assume that your application has been unsuccessful.

It is our policy to take up references for shortlisted applicants from their present employer and one other referee. It would greatly assist the process if you were able to supply email addresses for all the referees on your application form.

Applicants will be asked to produce original certificates for all education qualifications stated in the application form prior to the appointment being confirmed (these will be asked for on the first day of the interviews). All appropriate safeguarding and attendance at work checks will be requested.

Applicants are asked to provide an application form that must be fully completed and legible.

A supporting statement of no more than 2 sides of A4 (minimum font size 11), should be clear, concise and related to the specific post.

**We would prefer applications to be returned by email to Mrs C Porter, Headteacher's PA:
info@baines.lancs.sch.uk**

Person Specification

How it will be assessed is A (Application form), I (Interview), R (References)

Training and Qualifications

Quality	Essential	Desirable	How this will be assessed
Good degree in Science or closely related subject (Degree classification 2.2 or better)	Yes		A/R/I
Qualified Teacher Status	Yes		A/R/I
Commitment to personal and professional development	Yes		A/R/I

B Experience of Teaching

	Essential	Desirable	How this will be assessed
Experience of successfully teaching KS3 and KS4 students	Yes		A/R/I

C Professional Knowledge and Understanding

Applicants should be able to demonstrate they are able to meet the Teacher Standards as well as good knowledge and understanding of the following areas:

	Essential	Desirable	How this will be assessed
Secure knowledge and understanding of the concepts and skills in Science	Yes		A/R/I
Ability to teach lessons that are consistently good or better	Yes		R/I
Clear understanding of the GCSE and NC requirements of the subject and its assessment.	Yes		A/R/I
Ability to employ a range of effective teaching, learning styles and assessment methods	Yes		R/I

Ability to plan and teach lessons that meet the individual needs of all students, including those with Special Educational Needs	Yes		A/R/I
Ability to access and use classroom relevant research and inspection evidence to improve teaching and learning		Yes	A/R/I
Ability to inspire students to achieve their very best and promote lifelong learning	Yes		A/R/I
Ability to use assessment data to inform planning and set targets	Yes		A/R/I
Strong behaviour management skills	Yes		A/R/I

D Personal and Professional Skills, Qualities and Attributes

Applicants should be able to provide evidence that they have the necessary qualities and attributes required by the post. These qualities may be demonstrated in a letter of application; however, it is more likely that they will be more fully assessed during the interview process and from the references.

Quality	Essential	Desirable	How this will be assessed
Excellent written and oral communication skills	Yes		A/R/I
Commitment to role of tutor for a group of students and the benefits of pastoral care	Yes		A/R/I
High personal standards and expectations of students and colleagues	Yes		A/R/I
Excellent interpersonal skills and the ability to work well as part of a team	Yes		A/R/I
Commitment to the ethos of the school and proud to be part of the Baines School community	Yes		I
Contribution to the wider Baines Community	Yes		I
A sense of humour	Yes		I
Strong work ethic	Yes		R/I

Excellent role model for staff and students	Yes		R/I
Potential for leadership and further promotion in the future		Yes	R/I

2	Demonstrate optimistic personal behaviour, positive relationships and attitudes towards their pupils and staff, and towards parents, governors and members of the local community.	Yes		I, R
3	Lead by example – with integrity, creativity, resilience, and clarity – drawing on their own scholarship, expertise and skills, and that of those around them.	Yes		L, I

4	Sustain wide, current knowledge and understanding of education and school systems locally, nationally and globally, and pursue continuous professional development.	Yes		A, L, I
---	---	-----	--	---------

G Confidential References and Reports

Two referees should be nominated, including one from your current or most recent employer.

	Essential	Desirable	How this will be assessed
A positive reference from current employer	Yes		A/R/I

Department Overview

The Science department at Baines School is well-resourced, with 8 specialist laboratories and a classroom. We are a professional and very supportive department which currently consists 5 fulltime and 2 part-time teachers working alongside two highly-skilled full-time laboratory technicians. There is a wealth of experience within the department as in addition to our team, both the Headteacher and the Assistant Headteacher work within the Science Department and have previously led science departments earlier in their careers.

We are looking for an outstanding classroom practitioner with high expectations and a passion for developing their students' potential. Where possible we teach in specialisms at key stage 4, but the science team regularly collaborate to enhance teaching and learning and develop subject knowledge.

The department contributes widely to the school's curriculum offer with the following examination specifications being offered:

Key Stage 4: Edexcel GCSE Biology
Edexcel GCSE Chemistry
Edexcel GCSE Physics
Edexcel GCSE Combined Science

In Years 7, 8 and 9 students study six lessons of Science over the two-week timetable. The department has developed a new Scheme of Learning for Key Stage 3 in line with the National Curriculum which incorporates disciplinary knowledge and skills throughout all of the topics. Students are encouraged to relate scientific explanations to phenomena in the world around them and start to use modelling and abstract ideas to develop and evaluate explanations.

From Year 10 students begin the transition to their GCSE programmes of study. At the end of year 9 students can opt to take three separate science GCSEs or follow the Combined Science course. Separate science proves a popular option at Baines with a significant number of students selecting the option each year. In year 10 and 11 combined students have 10 hours of science per fortnight, and separate sciences have 15 hours.

There are many enrichment activities available to students; recent visits include trips to Blackpool Zoo, Manchester City and CERN. Baines students also benefit from the opportunity to participate in numerous STEM activities and competitions.

There is an excellent team spirit within the Science department; colleagues support one another through collaborative planning and department time has a focus on CPD rather than admin tasks.

The successful candidate will be joining a supportive and committed team with a proven record of staff development and career progression. The successful candidate will inspire students, stimulate their interests and imagination, and empower the scientists of the future.

Further Information about our School

Baines School has a long and proud heritage. In 2017, it celebrated its 300th anniversary. The school is also unique in the North West in holding its voluntary-aided, non-denominational status. It is proudly comprehensive in nature and renowned in the locality for the support it offers to the social and personal development of its young people at all stages of their school career. Baines is rooted in the local community but owing to its close geographical proximity to Blackpool Authority, the intake each year is wide-ranging and diverse in nature, although ability upon intake is high.

We are proud of the many successes of our young people and of the range of opportunities that our dedicated teaching and associate staff offer them. The work of our governors and of the Former Pupil Association provides additional support and funding for the direct benefit of the pupils. They actively encourage the development of wider activities which further contribute to the enrichment and success in the lives of our young people whilst they are with us and beyond.

The area served by the school

Poulton-le-Fylde is an attractive, small town situated close to Blackpool and the Fylde coast. We are well connected to the rest of the country by an excellent network of motorways and roads, with large centres such as Manchester and Liverpool being just over one hour away. The town has its own railway station, with regular services to Preston and the West Coast Main Line. The school is situated in a pleasant residential area and there is an extensive building plan for new houses in the area.

Our Students

We are an 11-16 school (having previously been an 11-18 school). Students start school in Year 7 with overall levels of attainment that are above the national average.

Our students have a positive attitude to school. The vast majority attend regularly, enjoy lessons and the wide range of other activities provided. In and around school there are high standards of the pupils' behaviour and politeness. The students speak warmly of the support they receive at Baines and the great majority are confident, polite and friendly young people. They are demanding in that they expect and want to do well, and come to the school with high expectations supported by their parents/carers. Our older students are role models who are thoroughly and actively engaged in the work of the school, the quality of what we do and contribute to supporting us in our aim of continual improvement.

The young people of Baines School undertake significant work for charities and there is a varied offer of enrichment activities in which all staff and pupils are actively encouraged to take part. We are the largest school contributor to the Teenage Cancer Trust in the country (over £100,000 so far) and hold the national record for the largest team entry in the Race for Life.

Our skilled and dedicated support staff represent a further strength within the school. These colleagues offer wide-ranging and expert support to some of our most vulnerable young people and they actively engage in the full spectrum of school life both in the classroom and beyond.

We have access to a wealth of CPD, resources and networking opportunities and work with local schools and teaching training providers. We work collaboratively within the area in regard to managed moves, fixed-term exclusion provision and work closely with the Lancashire Authority Advisory Team. Baines is also a registered centre with the Duke of Edinburgh scheme and has strong links with HE providers and employers in the region. We were very proud to have received numerous nominations for the Gazette Education Awards, including winning the inspirational teacher and unsung hero awards. There are so many successes to be proud of, the weekly Headteacher Update shares these with parents and carers.
